

# Medical Emergency Policy

Agencies in Lincoln County provide emergency medical services. The medical service can be accessed by dialing 911. In the event of injury or the onset of sudden illness, an ambulance may be summoned at the student's request. No college employee is expected to provide first aid; however, should they decide to utilize first aid training, they do so as "good Samaritans."

When someone conveys a message to the College about a medical emergency involving a family member, every effort will be made to contact students, bring them to a phone, or deliver messages to them. As a general rule, members of the instructional staff will not be disturbed while teaching unless the matter is very urgent and cannot be delayed until the end of the class period.
