

ECE 122I : Environments and Curriculum for Infants and Toddlers

Covers theories of physical and social space, activities, experiences, and materials and the relationships between them for children ages six weeks-three years of age. Introduces the use of developmentally and culturally appropriate practices in planning, selecting, and evaluating environments and curriculum for infants and toddlers in home-based and center-based care. Reviews child development (social/emotional, cognitive, gross/fine motor, communication/language, self-help), relationship-based care, routines, transitions and play with infants and toddlers. Includes planning and implementing environments and curriculum for infants and toddlers.

Requires: Up to 10 hours of ECE site observations.

Credits 4
