

ECE 130C: Practicum Seminar 3

Reviews skills necessary for supporting the total development of children, ages 6 weeks to 6 years, focusing on the role of the teacher in implementing a developmental program of early childhood education in two interdependent components: seminar and practicum.

Course Student Learning Outcomes

Upon successful completion, students should be able to:

- Collect and represent documentation of standard achievement as specified in the NAEYC Standards for Initial Professional Preparation.
- Use the knowledge, skills, and abilities acquired in pre-and co-requisite coursework to discuss working with children.
- Integrate knowledge of child development and learning; family and community relationships; observation, documentation, and assessment; developmentally effective approaches; the use of content to build meaningful curriculum; and professionalism.
