

HST 225: History of Women, Sex, and the Family

Examines the historical and cultural variations in family life and sexuality in the 19th and 20th centuries in an international context (including the United States) through topics such as courtship, marriage, reproduction, violence, colonialism, homosexuality, and work.

Course Student Learning Outcomes

Upon successful completion students should be able to:

- Articulate and interpret an understanding of key historical facts and events in the history of family life and women.
- Identify the influence of culturally based practices, values, and beliefs to analyze how historically defined meanings of difference affect human behavior.
- Identify and investigate historical theses, evaluate information and its sources, and use appropriate reasoning to construct evidence-based arguments on historical issues.
- Construct a well organized historical argument using effective, appropriate, and accurate language.
