

Core Transfer Maps

Overview

Students may take classes that fit these categories at any Oregon community college, and all classes transfer to meet at least 30 credits of general education requirements for a bachelor's degree at any Oregon public university.

Note that students interested in a specific major should consult an existing transfer guide for that major when picking their specific Core Transfer Map classes. This will help keep you on track for credits towards your 4-year degree completion, by helping you select Core Transfer Map classes that can also fulfill lower-division requirements in your major. Students should **consult a student success coach** for information on transfer guides
