

# Core Transfer Maps

## Overview

Students may take classes that fit these categories at any Oregon community college, and all classes transfer to meet at least 30 credits of general education requirements for a bachelor's degree at any Oregon public university.

Note that students interested in a specific major should consult an existing transfer guide for that major when picking their specific Core Transfer Map classes. This will help keep you on track for credits towards your 4-year degree completion, by helping you select Core Transfer Map classes that can also fulfill lower-division requirements in your major. Students should **consult an academic advisor** for information on transfer guides
